

## Carob Tree Patio

The **Carob Tree Patio** is one of the Fundació courtyards at ground floor level, open and polygonal shaped. From this space, you can see the complete volumetric architecture of Sert through the central staircase and its skylights.

This space is dominated by a centenary carob tree brought from Baix Camp, an region especially loved by Joan Miró. This tree, with a symbolic presence here, is also an important reference in the work of Joan Miró. Newly renovated space, with tropical wood flooring and white tiles in the area of the restaurant terrace. It also includes several sculptures *Women* by Miró.

Open space with the possibility of installing a tent type sail of 10x10. The space can be set with a stage, plasmas for presentation, stage lighting, furniture and catering.
